

U.S. Mission to India launches “Check My VISA Application Status” Online

Checking your VISA application status just got easier. The U.S. Mission to India announced that the U.S. Department of State’s new system, CEAC Status Check, can now be accessed at <https://ceac.state.gov/CEAC/>. This tool, which allows all visa applicants to verify 24/7 the status of their case online, offers better customer service to visa applicants and continued transparency in our processing. This initiative follows other recent enhancements, including offsite fingerprinting and photography services and the expanded Interview Waiver Program. All these initiatives are aimed at building capacity to accept more visa applications over the coming years, improving customer service, and facilitating legitimate travel between India and the United States. Bolstering people-to-people ties through travel is a cornerstone of the U.S.-India partnership.

Below are the two details needed for checking the status –

1. CEAC barcode or case number
2. Location where the interview occurred

Applicants with questions about the site or its status information should contact www.ustraveldocs.com/in. Applicants are also welcome to contact the embassy call centers Monday – Friday, 8am – 8pm, and on Sunday 9am -5pm (IST).
