

Housing Update: Address Change

Have you changed your address recently?

All international students and scholars moving to new on-campus or off-campus housing must update the US Address via “**MySlice self-service**” -> **CURR address**. You must update your address immediately in order to be in compliance with the Immigration regulations. If you do not update your address you will be jeopardizing Immigration status while you are here at Syracuse University.

Please always update your address within 10 days of your move on MySlice.
