

Students who will be changing their "Current Address" (moving out of University residence halls, changing off campus apartments, etc.) during the Summer 2018 and/or Fall 2018 semester are required to update their US "Current Address" in their MySlice records.

Please login into [MySlice](#) and under 'Personal Services,' update the following information:

- add your current U.S. address while at Syracuse
- add your U.S. mobile/cell phone number as a preferred number
- add emergency contacts in the U.S. and your home country

On May 14, 2018, the University will remove all University Residence Hall addresses listed as "Current Address" and replace them with new University Residence Halls addresses. If you move off campus, there will be no "Current Address" listed for you. You must enter that in your MySlice record yourself.
