If you have ever experienced an unresolved inter-group conflict that you would like to explore or if ethnic/religious/territorial conflict is or was a part of your life, or if you are simply interested in fun interaction with an inclusive group of students and being part of a unique story-telling experience, then please consider participating in the Fall 2012 Syracuse University Orange Dialogue for Peace program. Participants work together in the context of fun, outdoor and indoor teambuilding, and engage in student driven dialogue about the needs, concerns, fears and hopes of their present day lives, nations and societies. Establish mutual understanding and trust, and help to lead the world to move toward sustainable world peace and friendship.
