WE REMEMBER - WE MOURN

It's with sorrow and sadness I write to share the below message from Associate Dean Gurdip Singh about the passing of Long Li, a recent alumnus of the College of Engineering and Computer Science. Many of us knew Long during his time here as a student and through his continued involvement on campus. We join in extending our sympathy and condolences to all those affected by this loss.

As we grieve together as a community, please also know there are services available for support, which are included in the message below.

In sorrow,
Patricia A. Burak
Director
Slutzker Center for International Service

Dear Colleagues and Students

I am deeply saddened to share with you the news about the unexpected passing of recent alumnus Long Li. Long graduated with a Master's from the College of Engineering and Computer Science, and remained on campus post-graduation gaining practical experience as an intern with the college. He was an active member of our community both as a student and recent alum.

As a University community, we extend our sincere condolences to Long's family, friends, colleagues, and all who knew him. Our thoughts and prayers are with all those in mourning.

During this difficult time, please know there are a number of services available to members of our campus community. Students seeking support can contact the Counseling Center 24 hours a day, seven days a week at 315.443.4715. Additional services are provided by the Office of Student Assistance, Monday through Friday, by calling 315.443.4357. For faculty and staff, assistance is available through Carebridge, the University's Faculty and Staff Assistance Program. Trained clinicians are available by phone 24 hours a day, seven days a week, and can be reached at 800.437.0911.

The campus community can also contact [Hendricks Chapel](#) at 315.443.2901, or visit the chapel website for chaplaincy contact information, for additional support and services.

With sadness,

Gurdip Singh
Associate Dean for Research and Doctoral Programs | Professor
College of Engineering & Computer Science
